Robert B. Reich, the secretary of labor under President Clinton, is a professor of public policy in the Goldman School of Public Policy at the University of California, Berkeley. His writing has appeared in *The New Yorker*, *The Atlantic*

Monthly, the *New York Times*, the *Washington Post*, and the *Wall Street Journal*. He is the author of ten books, including the bestsellers *The Future of Success* and *Locked in the Cabinet*.

Reader of over 200 audiobooks, Dick Hill has won three coveted Audie Awards and has been nominated numerous times. He is also the recipient of several *AudioFile* Earphones Awards. *AudioFile* includes Dick on their prestigious list of "Golden Voices."

ROBERT B. REICH

SUPERCAPITALISM

The Transformation of Business, Democracy, and Everyday Life

From one of our most valued voices on politics, business, and the economy, and the bestselling author of *Locked in the Cabinet* and *The Work of Nations*, comes a breakthrough book on the clash between capitalism and democracy.

Our economy has become more efficient than ever, with turbocharged, Web-based global capitalism morphing into supercapitalism. But as Robert B. Reich makes clear in this eye-opening book, while supercapitalism is working well to enlarge the economic pie, democracy—charged with caring for all its citizens—is becoming less and less effective under its influence.

Reich delineates widening inequalities of income and wealth, heightened job insecurity, and spreading effects of global warming. He shows us why companies have become even more deeply involved in politics; and how consumers, invested in the stock market to an unprecedented degree, are increasingly loath to stand by their values if it means biting the hands that feed them. He makes it clear how the tools traditionally used to temper America's societal problems—fair taxation, well-funded public education, trade unions—have withered as supercapitalism has burgeoned. Finally, he sets out a clear course that can lead the nation to a vibrant capitalism and a concurrent, equally vibrant democracy.

KEY POINTS/MARKETING

- National media appearances, including C-SPAN, CNN, Fox News Channel, and NPR
- Ten-city author tour: Boston, Chicago, Dallas, Denver, Los Angeles, New York, Philadelphia, San Francisco, Seattle, and Washington, D.C.
- National print advertising in the *New York Times*

PRAISE FOR SUPERCAPITALISM

"A thought-provoking analysis.... A must-read for anyone interested in the health of American democracy."

—Laura Tyson, former chairman, National Economic Council

"Reminds us that the power of political courage grows when it is joined with clear thinking.... Reich has delineated the role corporations play in our democracy today, argued persuasively why it needs to be limited, and offered solutions to return control of the government to the people."

—Bill Bradley, author of *The New American Story*
