Peter F. Hamilton was born in Rutland in 1960 and still lives near Rutland Water. He began writing in 1987 and sold his first short story to *Fear* magazine in 1988. He has also been published in *Interzone* and the *In Dreams* and

*New Worlds* anthologies, as well as in several small-press publications. His novels include the Greg Mandel series—*Mindstar Rising*, *A Quantum Murder*, and *The Nano Flower*—and the bestselling Night's Dawn trilogy. Among his most recent novels are *Fallen Dragon*, *Pandora's Star* and the bestselling *Judas Unchained*.

John Lee has read more than 100 audiobooks in almost every conceivable genre, including *Cochrane* by David Cordingly. He also wrote and coproduced the feature films *Breathing Hard* and *Forfeit*.

PETER F. HAMILTON

## THE DREAMING VOID

Featuring characters from Peter F. Hamilton's bestselling *Judas Unchained*, this novel begins a stunning new trilogy set in a far future where one great mystery remains: the nature of what is hiding within the Void, an area of space from which amazing dreams are being projected, allowing people everywhere to experience a reality never before imagined.

AD 3580. The Intersolar Commonwealth has spread through the galaxy to over a thousand star systems. It is a culture of rich diversity with a place for everyone. A powerful navy protects it from any hostile species that may lurk among the stars. For Commonwealth citizens, even death has been overcome.

At the center of the galaxy is the Void, a strange, artificial universe created by aliens billions of years ago, shrouded by an event horizon more deadly than any natural black hole. In order to function, it is gradually consuming the mass of the galaxy. Watched over by its ancient enemies, the Raiel, the Void's expansion is barely contained.

Inigo dreams of the sweet life within the Void and shares his visions with billions of avid believers. When he mysteriously disappears, Inigo's followers decide to embark on a pilgrimage into the Void to live the life of their messiah's dreams—a pilgrimage that the Raiel claim will trigger a catastrophic expansion of the Void.

Aaron is a man whose only memory is his own name. He doesn't know who he used to be or what he is. All he does know is that his job is to find the missing messiah and stop the pilgrimage. He's not sure how to do that, but whoever he works for has provided some pretty formidable weaponry that ought to help.

### KEY POINTS/MARKETING
