Michael White

Beautiful Assassin

A Novel

The acclaimed author of *Soul Catcher* returns with a breathtaking novel of love, loyalty, and intrigue set during World War II, in which a decorated Russian sniper finds herself caught between two suspicious allies.

Sevastopol, 1942.

As the might of the German army threatens to engulf the Soviet Union, a brave, young Red Army sniper named Tat'yana Levchenko becomes a national hero. But who is this beautiful assassin?

To the Soviets, she is a refined poet and weapon of destruction with three hundred enemy kills to her name—a dedicated soldier whose skill and courage have rallied a motherland on the brink of despair.

To the Americans, she is a Red Communist with movie-star good looks who is championed by First Lady Eleanor Roosevelt—a reminder of Soviet suffering and a symbol of the vital need to defeat the Nazis.

Invited to the United States at the behest of the White House, Tat'yana sets off on a whirlwind tour with the first lady. Amid the curious crowds, rumors begin to swirl that Tat'yana is a spy, a pawn of politicians and propagandists battling for power and control. But before suspicions can be confirmed, the Soviet soldier vanishes. It will be more than fifty years before a resourceful correspondent uncovers the truth and the full story of the beautiful assassin is finally told.
